

Make IT management easier and faster*

with Dell™ Lifecycle Controller Integration for Microsoft® System Center Virtual Machine Manager

74% less time to execute four key management tasks*

**Simpler
system discovery**

50% fewer steps

**Faster
firmware updating**

96% less time

**Quicker server
configuration**

-&-

**Swifter Hyper-V
deployment**

39% less time

Dell Lifecycle Controller Integration for MS SCVMM provides templates and automated processes to ensure quick, efficient, and consistent management of Dell PowerEdge™ servers.

*Performing these tasks on a single Dell server versus HP server with OneView for Microsoft System Center. Savings grow more rapidly with more servers.
